

FRANKLIN
CLEANING TECHNOLOGY

ONCE OVER™

No Rinse Stripper

Once Over™ quickly penetrates through floor finish buildup and suspends the stripped finish for rinse free removal.

NO RINSE - NO MACHINE

Leaves no harsh alkaline residue that blocks the adhesion of the sealer or finish. Agitating the solution with a mop brings up the finish. Low foaming.

EFFICIENT FINISH REMOVAL

Quickly penetrates the finish and brings the finish into solution.

NON-AMMONIATED

Low odor. Reduces complaints while stripping the floor.

DIRECTIONS FOR USE

FLOOR STRIPPING - MOP ON - MOP OFF

1. **DILUTE** at 21 ounces per gallon (1:6 ratio) of cool water. For heavy buildup, dilute 32 ounces per gallon (1:4 ratio) of cool water.
2. **APPLY** the diluted solution of Once Over™ onto the floor with a mop.
3. **WAIT:** Let stand for 4-5 minutes, then agitate with the same mop. For best results use a rotary machine and black pad. Do not let solution dry.
4. **REMOVE** the solution from the floor using a mop or wet dry vacuum. For best results rinse the floor with clean water and a clean mop.
5. **REPEAT** steps two to four if any finish remains on floor.

SPECIAL PRECAUTIONS

Not for use on linoleum, tile in poor condition, wood or painted surfaces or for daily maintenance of resilient tile floors. Before use on asphalt tile or rubber, test a small hidden area for any color change.

PRODUCT SPECIFICATIONS

pH (concentrate) 12.4 ± 0.2
Color Clear
Physical State Concentrated Liquid
Fragrance Mint/Solvent
Freezing Point 32°F
Solubility In Water Complete
Flash Point None to Boiling

PRODUCT AVAILABILITY

F200022 4/1 Gallon
F200026 1/5 Gallon Pail
F200038 1/55 Gallon Drum
(Special Order)
F200008 1/275 Gallon Tote
(Special Order)

INGREDIENT	CAS#
DEIONIZED WATER	7732-18-5
