## LDD

### Liquid Dish Detergent

**LDD Liquid Dish Detergent is a concentrated formula** that produces rich, lasting suds. Removes and holds soils and grease away from dishes, glassware, pots and pans. Dishes dry without a greasy feel and with no streaks or spots. Mild to the hands.

#### **EXCELLENT CLEANING & DETERGENCY**

Penetrates grease and oil films, even baked on food soils on soaking. Special detergent system removes soils and holds grease and oil away from utensils.

#### **LASTING SUDS**

Independent laboratory study proves that LDD Liquid Dish Detergent provides lasting suds.

#### **EASY RINSING**

Little time is needed to rinse dishes and glassware free of detergent and soil. Leaves surface clean with no spots or film.

#### **HIGHLY CONCENTRATED**

One fluid ounce makes a 4-gallon sink. Labor saving and economical.

1. **REMOVE** 1 ounce per sink full (1 ounce per 4 gallons) of hot water. When the suds are used up, drain the sink and make a fresh sink.
2. **WASH** dishes clean with a clean dish cloth, or scrub pots and pans clean with an abrasive pad.
3. **RINSE** dishes clean with potable water.

1. **DILUTE** 1 teaspoon per gallon of water.
2. **APPLY** with a sponge, mop or brush.
3. **RINSE** surfaces clean with potable water.

pH (concentrate) ..... 7.5 ± 0.05  
 Appearance.....Clear Blue Liquid  
 Fragrance.....Light Floral  
 Freezing Point.....About 32°F  
 Solubility in Water .....Complete  
 Flash Point .....None

F210522 .....	4/1 Gallon
F210538 .....	1/55 Gallon Drum (Special Order)
F210508 .....	1/275 Gallon Tote (Special Order)

A close-up, high-angle shot of a sink drain. Water is being poured into the drain from above, creating a large splash and many bubbles. The drain itself is a circular metal grate with several small holes. The water is a light blue color, and the overall scene is very dynamic with lots of movement and foam.
